### The Way Out.

A well known Cape county physician was on his way to his office one winter morning when the sidewalks were a glare of ice. While going down the street he met a lady coming the opposite direction. The lady was a stranger to him, although he was not unknown to her.

In trying to avoid each other on the icy pavement they both slipped and came to the sidewalk facing each other, with their pedal extremities considerably entangled. While the polite doctor was debating in his mind what was the proper thing to do under the trying circumstances the problem was solved by the quickwitted lady, who quietly remarked:

"Doctor, if you will be good enough to rise and pick out your legs, I will take what remains."

## JACKSON PUTS ON LONG TROUSERS

According to a bulletin issued from the census bureau, Jackson now has a population of 2105, an increase of 447 during the past ten years, and an increase of 1164 for the past twenty years. This report is indeed gratifying to our citizens and shows a permanent and steady growth. Jackson and Cape are the only towns in the county that have expanded during the last ten years as is attested by the fact that the county only gained 3306 during this period while Jackson and the Cape added 4107 inhabitants, showing a shrinkage in the county of 801.

### Does It Pay?

One of our large mercantile establishments put on a cloak and suit sale Friday and Saturday of last week. The Hornet printed one thousand bills for the same, and also ran a half page ad. in the paper. In the two days the sales from the same amounted to \$543.35, so the manager of that department tells the writer. The advertising cost less than ten dollars. Does it pay?—Sikeston Hornet.

### Professor Reno.

Last night a fairly good-sized crowd greeted Professor Reno, the magician at the High School. This was the second number of the lyceum course and his tricks completely mystified the audience.

### M. W. A. Met.

The M. W. A. met Monday night and elected the following officers: John Sachse, venerable counsel; A. F. Williams, W. A.; W. C. LaPierre, banker; A. P. Behrens, clerk; Louis Wagner, escort; Ben Sunderman, watchman; R. F. Wolters, sentry; Dr. A. F. Atkins and J. J. Mayfield, home physicians.

### A Few Dents.

Don't ask the editor to publish a list of wedding gifts.

Don't add to the terrors of death by tacking several stanzas of doggerel to a death notice. Don't crowd the mourners.

Don't lug old clippings into a newspaper office and tell the editor that you have brought him "something to fill up with."

Don't kick a man when he is down unless you are so cussed mean you can't help it.

Don't put lard on a man's shoes when you see him "going down hill," for they are already greased for the occasion.

Don't pray with the hungry man until you have given him something to eat, for prayers to him without pork are not worth a cuss.

Don't gad about town all week discussing other people's faults and on Sunday seat yourself in the amen corner, unless you are seeking a Pullman ticket to hedges.—Ex.

### Reorganized.

The fire department of this city was reorganized last Friday. The company now consists of a chief and two lieutenants and several helpers. The city has derived great benefit from the old company and we owe them many words of praise for their noble service in the behalf of the city of Jackson.

The Moler Barber College of St. Louis, Mo., wants men to learn barber trade. They offer splendid inducements and a short term completes. They mail free a beautiful catalogue, and ask all our readers to send for it.

## WOMAN MANGLED BY VICIOUS SOW

Last Wednesday week news reached this city that Mrs. Sarah Wilkinson, who resides between Millerville and this city, was seriously injured by an infuriated sow. The Herald was notified of the fact, but we were unable to give notice in last week's issue as we were on press.

It seems she went to the barnyard with the intention of getting some kindling, and the sow which had young pigs, attacked her, throwing her down biting her in several places. She was discovered in time to be saved possibly from death.

A physician was immediately summoned, he pronounced her injuries probably fatal.

### Don't Write on Packages.

Persons who desire to send Christmas gifts through the mails early to insure their delivery on Christmas day, or before, are admonished by the officials of the postoffice department not to write on the outside of the words, "Do not open until Christmas day," or anything similar.

Postmaster General Hitchcock has announced that it is a violation of the law to write such messages on the outside of packages that go through the mails at the third and fourth class rate. In such instances rubber stamps or stickers should be used. Otherwise, packages wrongly marked will be held at the postoffices where they originate, and cards will be sent to the addresses advising them that the packages are held for postage.

### Pocahontas Pointers

## RURAL SCHOOL NOTES BY J. T. McDONALD

Some time has elapsed since any school news was given. This is not because there is nothing happening among rural schools but because the superintendent has been too busy to even think about newspaper reporters.

Up to date there have been five sectional meetings held. In the opinion of the superintendent these were very successful meetings. The four important factors, pupils, patrons, teachers and school officials of the school system were brought into them, and much interest was shown.

Principal Taylor of Gordonville has given assurance that the people of Hubble township, will appreciate a meeting of teachers and pupils at that place. The meeting will be arranged as early as conditions will present.

With twenty teachers to hear from, one hundred and seventy-eight pupils are reported in the eighth grade class. This gives assurance of a large eighth grade graduating class next spring.

Some inquiry is being made about last year's rural eighth grade class. More than half out of the seventy-six are doing high school work, some are in the normal, a few are attending business school and several are doing more work in the rural schools.

The twenty-fifth of last month was set for "Patrons' Day" in the rural schools. To an observer who has any real interest in the future of the schools the results were gratifying. Many schools observed the day, showed the patrons the kind of work they were doing and did much toward beautifying the school premises. Many trees were planted.

Millerville, Fruitland, Leemon, Indian Creek, Dogwood, Shawneetown and Randol schools have organized basketball teams this fall, this making a large number of schools where this favorite game is played.

The teachers of Shawneetown township organized a reading circle.

Rumbranch and Hickory Ridge schools, (Welch township) have reopened. They were closed on account of scarlet fever.

W. H. Allmon is teaching in Allenville. D. H. Zimmermann having resigned on account of bad health.

### Eastern Stars.

The Eastern Stars met Monday night and elected the following officers for the ensuing year: Miss Adalaide LaPierre, worthy matron; Leon Clippard, worthy patron; Mrs. L. M. Bean social matron; Miss Winifred Jones, conductress; Mrs. Louie Wilson, associate conductress; Mrs. Willie Sadler, secretary; Dr. F. Sadler, treasurer.

### Official Count.

The following is the official vote upon constitutional amendments No. 9, 10 and 11.

No. 9 empowering cities to raise tax levy 110/283 for; 374.9-43 against.

No. 10, prohibition, 207,281 for; 425,406 against.

No. 11, university tax, 181,695 for; 347,274 against.

## BURGLARY INSURANCE

The best burglary insurance policy ever written is a checking account with a bank; saves carrying a lot of money around with you and yet you have it any minute you want it. If all persons carried checking accounts and wore a check book in their inside pockets, the hold-up guys would go out of business.
